IF LAWMAKERS WANT HOOSIERS TO SUPPORT THEMSELVES, INDIANA MUST RAISE THE MINIMUM WAGE

The Indiana Self-Sufficiency Standard shows that the federal minimum wage of

\$7.25 AN HOUR WILL NOT SUPPORT A SINGLE ADULT IN ANY COUNTY IN INDIANA.

To make ends meet without seeking public or private assistance, a single Hoosier adult must make a minimum of \$7.96 an hour (if living in Vermillion County) or as much as \$11.39 (if living in Hamilton County).
